

The Department of Nutritional Sciences Fall 2023 Seminar Series

"Bioreactors in our gut: xenometabolism in host-microbe communication"

Sean H. Adams, PhD, FTOS

Professor, Department of Surgery
Vice Chair for Basic Research, Department of Surgery
Scientific Director, Center for Alimentary & Metabolic Science
University of California, Davis

Host: Tracy Anthony, PhD
Professor of Nutritional Sciences, Rutgers

Wednesday, October 11, 2023 @ 2:15 PM
FSNS Building 65 Dudley Road, New Brunswick, Room 120
<https://go.rutgers.edu/Adams-Seminar>

This seminar will highlight the importance of gut microbe metabolism in shaping the host and GI tract metabolome, and provide illustrations of potential connections between specific xenometabolites and physiological systems. In addition, the talk will consider interesting connections that link the host's metabolic health and fitness level to apparent changes in gut microbe metabolism.

Rutgers University, School of Environmental and Biological Sciences, Department of Nutritional Sciences is a Continuing Professional Education (CPE) Accredited provider with the Commission Dietetic Registration (CDR). CDR Credentialed Practitioners will receive 1 Continuing on Professional Education units (CPEUs) for completion of this activity. For more information, please contact the DPD Director, Dr. Virginia Quick via email at vquick@njaes.rutgers.edu. CPE Certificate: <https://nutrition.rutgers.edu/CPECertificate.pdf>
