

The Department of Nutritional Sciences Spring 2023 Seminar Series

"Circadian regulation of the incretin hormone, GLP-1"

Patricia Brubaker, Ph.D., F.R.S.C.
Professor, Departments of Physiology and Medicine
Banting & Best Distinguished Scholar
University of Toronto

Host: Harini Sampath, Ph.D.
Associate Professor of Nutritional Sciences, Rutgers

Wednesday, January 25 @ 2:15 PM
Zoom: <https://go.rutgers.edu/Brubaker-Seminar>

Despite the highly successful implementation of GLP-1 receptor agonists into the clinic for the treatment of patients with type 2 diabetes, these therapeutics do not recapitulate the physiological patterns of endogenous GLP-1 secretion. These rhythms and their molecular underpinnings will be described, and potential implications for future clinical approaches will be discussed.

Rutgers University, School of Environmental and Biological Sciences, Department of Nutritional Sciences is a Continuing Professional Education (CPE) Accredited provider with the Commission Dietetic Registration (CDR). CDR Credentialed Practitioners will receive 1 Continuing on Professional Education units (CPEUs) for completion of this activity. For more information, please contact the DPD Director, Dr. Virginia Quick via email at vquick@njaes.rutgers.edu.
