

The Department of Nutritional Sciences Fall 2024 Seminar Series

"A Multilevel Investigation into Breast Cancer Survivorship: Places, Lifestyles, and Metabolomics"

Bo (Bonnie) Qin, Ph.D.

Assistant Professor
Cancer Epidemiology and Health Outcomes
Rutgers Cancer Institute

Host: Sue Shapses, Ph.D.
Professor of Nutritional Sciences, Rutgers

Wednesday, October 9, 2024 @ 2:15 PM
FSNS Building, 65 Dudley Road, New Brunswick, Room 120

Zoom option: <https://go.rutgers.edu/Qin-Seminar>

The seminar will present Dr. Qin's epidemiological research using a society-to-cell framework to elucidate multilevel modifiable factors that affect cancer health and health disparities among underserved populations. Her work on investigating social drivers of health, lifestyle patterns, and metabolomic profiles in breast cancer survivorship will be the main focus.
