COURSE DESCRIPTION:
Students will develop professional materials that will be used in their future careers including a personal statement, resume, and a professional portfolio. Students will also become familiar with career options in the field of dietetics and learn how to navigate the process of becoming a registered dietitian nutritionist (RD/RDN) or a nutrition and dietetic technician registered (NDTR) along with other non-traditional career pathways.

LEARNING OBJECTIVES:
At the end of this course, students will be able to:
1. Develop a personal plan for completing dietetic internship requirements.
2. Complete the supervised practice program application process.
3. Apply professional resources to aid in career development and continuing education.
4. Develop and maintain a personal professional portfolio.
5. Cultivate a primary and secondary career plan within the field of dietetics.
6. Communicate responses to common interview questions.
7. Discuss current health care reimbursement issues, policies, and regulations

2017 Core Knowledge for the RDN (KRDN) – Standards for the Didactic Programs in Dietetics:
Rutgers University Department of Nutritional Sciences undergraduate Didactic Program in Dietetics is accredited by the Accreditation Council for Education in Nutrition and Dietetics (ACEND) of the Academy of Nutrition and Dietetics (AND). The following ACEND Core Knowledge aptitudes are included within the curriculum of this course:

KRDN 2.1 – Demonstrate effective and professional oral and written communication and documentation (i.e., interviewing skills and personal statement)
KRDN 2.2 – Describe the governance of nutrition and dietetics practice, such as the Scope of Nutrition and Dietetics Practice and the Code of Ethics for the Profession of Nutrition and Dietetics; and describe interprofessional relationships in various practice settings (i.e., lectures on ACEND, AND, CDR, CEU, registration, licensing, etc.)

KRDN 2.4: Discuss the impact of health care policy and different health care delivery systems on food and nutrition services (e.g., health care policy assignment).

KRDN 2.8: Demonstrate an understanding of the importance and expectations of a professional in mentoring and precepting others (i.e., preceptor essay assignment).

KRDN 4.1 – Apply management theories to the development of programs or services (i.e., job descriptions, job postings, interviewing skills, application skills, etc.).

KRDN 4.3: Describe the regulation system related to billing and coding, what services are reimbursable by third party payers, and how reimbursement may be obtained (i.e., guest speakers; in-class lecture).

ASSIGNMENTS/RESPONSIBILITIES & ASSESSMENT:
This course is a PASS/NO CREDIT. To achieve a passing grade, the student must complete do the following:

Attendance: Students are expected to attend all scheduled class meeting unless a prior arrangement has been made. I expect college-level, professional behavior. Once class has started, such things as reading newspapers, working on outside-of-class materials, carrying on distracting side conversations, leaving early, etc., are considered rude and distracting to me, your classmates, and especially to our guests. All cell phones must be turned to vibrate or silent during class time. If a student feels it necessary to answer a phone or open a text during class time, that student must exit the classroom to do so. Laptops must be used for class-related activities ONLY, no social networking! Students attending class are expected to arrive to class on time and stay the entire class time.

Written Assignments: All assignments are due on dates listed unless prior arrangements have been made.
2. Personal information form and GPA calculation document
3. Updated resume
4. First and second drafts of personal/professional statement

ABSENCE POLICY
Students are expected to attend all classes; if you expect to miss one or two classes, please use the University absence reporting website https://sims.rutgers.edu/ssra/ to indicate the date and reason for your absence. An email is automatically sent to me.

ACADEMIC INTEGRITY
The university's policy on Academic Integrity is available at http://academicintegrity.rutgers.edu/academic-integrity-policy. The principles of academic integrity require that a student:
- properly acknowledge and cite all use of the ideas, results, or words of others.
- properly acknowledge all contributors to a given piece of work.
- make sure that all work submitted as his or her own in a course or other academic activity is produced without the aid of impermissible materials or impermissible collaboration.
- obtain all data or results by ethical means and report them accurately without suppressing any results inconsistent with his or her interpretation or conclusions.
- treat all other students in an ethical manner, respecting their integrity and right to pursue their educational goals without interference. This requires that a student neither facilitate academic dishonesty by others nor obstruct their academic progress.
- uphold the canons of the ethical or professional code of the profession for which he or she is preparing.

Adherence to these principles is necessary in order to ensure that
- everyone is given proper credit for his or her ideas, words, results, and other scholarly accomplishments.
- all student work is fairly evaluated and no student has an inappropriate advantage over others.
- the academic and ethical development of all students is fostered.
- the reputation of the University for integrity in its teaching, research, and scholarship is maintained and enhanced.

Failure to uphold these principles of academic integrity threatens both the reputation of the University and the value of the degrees awarded to its students. Every member of the University community therefore bears a responsibility for ensuring that the highest standards of academic integrity are upheld.
